

Level: natas3 → natas4

- **Objective:**
Find the password for the next level.
- **Vulnerability/Concept Exploited:**
Discover hidden resources not linked directly on the page.
- **Tools/Techniques Used:**
Checking for hidden directories or folders.
- **Steps Taken:**
 1. Opened the URL in the browser.
 2. Viewed the HTML source — saw a comment hint about an "includes" directory.
 3. Manually navigated to /s3cr3t/ directory in the URL.
 4. Found a text file containing the password.
